

Tehničke karakteristike artikla: DSSOT1210B

Bočne strane podnožja ormara DSS/DST dubine 1000mm, par, crne

RAL9005 (crna), par, h=120mm, za ormare serije DSS/DST

SCHRACK-Info

Schrack Technik offers universal bases for server and network enclosures. These are a modular system consisting of side panel pairs for different depths (400, 800, 900, 1000 and 1200 mm) and front panels and rear panels for different widths (600 and 800 mm). The stable base is the DSOT/DSSOT side profile pair, which is designed for server and network enclosures with loads of up to 400/1800 kg. Lateral cable routing is easily possible in a network enclosure or server enclosure by breaking out blind covers. The base has a height of 120 mm, is available in the colour RAL9005 Black and is ideal for a server enclosure. To additionally secure the server enclosure, you can screw a stabilisation set to the front of the base, which prevents the server enclosure from tipping over.

Tehnički podaci

Neto širina (mm)	55,00
Neto visina (mm)	120,00
Neto dubina (mm)	960,00
Neto težina (kg)	6,00
Min. temperatura okoline (°C)	0
Maks. temperatura okoline (°C)	40
Opis boje	RAL 9005 (crna)
