

Tehničke karakteristike artikla: EV112015--

Slepi pokrov, antracit

VISIO S 50 (50x50), VISIO 50

SCHRACK info

Blind cover made of halogen-free plastic, which is particularly easy to install by snapping onto the metal support plate supplied. The cover is used in buildings where switch ranges with the associated inserts or central plates are only to be equipped in the future.
